**NEW WRINKLES
IN THE LATEST
SUBMARINES**

Radical Changes In Type of Under Sea Boats For U. S. Navy
ELECTRIC PROPULSION AMONG PROPOSITIONS
Oil Burning Type of Engines Are To Be Also Tried Out

WASHINGTON, Sept. 16.—Radical changes in the type of new submarines to be built for Uncle Sam's navy are being worked out by the chief naval constructor. Navy officials admitted today that some new wrinkles in submarine construction probably would be adopted when Congress authorizes the proposed new fleet of undersea craft which will represent the latest thought in such construction.

Special attention is being given, Secretary Daniels states, to the question of submarine construction. A corps of experts, at home and abroad, are collecting information to be assimilated in the next new United States submarine. Electric propulsion is the latest in submarines, according to the present determination of the naval constructors. It is probable that electric motors may be used exclusively in the future. Naval authorities also contemplate divesting the present fleet of submarines of gas engines and substituting electric power.

One difficulty in way of U. S. naval progress in building submarines is the "patent monopoly" which confines this government to one type of submersible. This is the Lake type. While other types with some most desirable features are being built, Secretary Daniels says the government never has been able to reach satisfactory terms with patentees of other submarine types. Negotiations are in progress, however, by which the government may be able to adopt some of the more desirable features of other patterns.

The government would not be barred from using the other submarine patents in case the United States became involved in war, however, according to Secretary Daniels. He admitted that the government would not hesitate to appropriate the submarine patents and use them in building its own submarines in time of war. Compensation would be given the patentees, of course, or they could resort to the courts—but after the government had received the benefit of submersible patents. The government, according to Secretary Daniels, would not hesitate to adopt such a policy, as a matter of defense in a time of national peril, without regard to the contract and patent rights of patentees.

Hopes of Secretary Daniels
Secretary Daniels hopes that Congress will eventually authorize construction by the government itself of all of its submarines. It is now building some on the Pacific Coast, the only government plant at present equipped for submarine construction. These are of the oil burning type. "Speeding up" private contractors on government submarine contracts is another innovation promised by the Secretary. He will insist that contracts given private concerns stipulate quicker delivery. The Secretary believes that in the past contractors have been slow about completing the government craft. He cites the instance of the ill-fated P14, which sank last March outside Honolulu harbor. This boat was only two years old, having been commissioned in 1913, but five years elapsed before Congress authorized her construction and the date, in 1913, when she was delivered to the navy.

**SOUTH CAROLINA NOW
AMONG DRY STATES**

COLUMBIA, S. C., Sept. 15.—South Carolina is now in the dry state column, its citizens by a vote of 24 1/2 to 1 today having voted for prohibition in the statewide election ordered by the last general assembly. The vote was not heavy, only about 60,000 votes being cast. Prohibition seems to have carried 42 out of 44 counties. In Dorchester the vote is close while Charleston went against prohibition by a vote of 10 to 1. The prohibition law will take effect on January 1.

**OFFERED MILLION
TO CAUSE STRIKE**

German Agents Are Openly Accused By President of the Longshoremen's Union

TOLEDO, Sept. 15.—President T. V. O'Connor, of the Longshoremen's national organization, charges that German agents offered him one million dollars to cause a month's general strike of longshoremen on the Pacific and Atlantic docks. He told the Great Lakes delegates of the offer, but cautioned his listeners not to be misled by the machinations of the German agents. He declared that a Boston grocer offered a big bribe, equivalent to a month's strike benefits for 24,000 men if a strike on the deep water division could be brought about. O'Connor also declared that such a strike would give German agents an opportunity to execute plans for dynamiting docked vessels and hamper shipments of munitions of war.

**A SYMPATHETIC JUROR
SENDS CHECK FOR \$1.65
TO SPEEDER FINED \$50**

However, the Name of the Sender Is Not Given In Published Report

Who is the juror who sympathized with C. A. Buffum of Long Beach? A Long Beach dispatch in a Los Angeles paper says that C. A. Buffum got a check for \$1.65 from a man who served on the jury that convicted Buffum of speeding. Buffum was fined \$50. Justice Cox announced that when a guilty man puts the county to the expense of hiring a jury that the man when convicted should be fined enough to cover the costs of having the jury.

Buffum returned to Long Beach, where he is a merchant and member of the school board, and told his troubles to Justice Underwood. Underwood took up the case, in which acrimony and sarcasm prevailed, and in which Justice Cox's friends declare without hesitation that Cox did not come off second best. Now comes the report that a juror sent Buffum \$1.65, which was the mileage and jury fees received by the juror. The letter to Buffum is alleged to say that the Santa Ana juror thought the fine excessive.

**NO MORE ATTACKS BY
SUBS WITHOUT
WARNING**

After Analysis German Note On Arabic the President So Concludes

WASHINGTON, Sept. 15.—After carefully analyzing Germany's note regarding the Arabic, President Wilson has decided that it constitutes an endorsement of Von Bernstorff's assurance and that henceforth submarines will refrain from attack on liners without warning. This is learned authoritatively.

LITTLE LEARNING DANGEROUS
ST. PAUL, Minn., Sept. 15.—Joe Grant, colored boy, today reiterated his belief that a little learning is a dangerous thing and expressed the fond wish that he had never learned to write. It was through a note he sent his landlady, police say, that they learned of several robberies, for which the boy is today serving time.

**England's War Expenditures
Exceed Experts Wild Dreams**

LONDON, Sept. 15.—England's daily war expenditures now exceed the wildest dreams of financial experts. Premier Asquith has moved a new credit of \$1,125,000,000, which brings the total of British war loans to the enormous total of \$6,310,000,000. It is announced that the daily average war cost from July 18 to September 11, was \$21,000,000. At the beginning of the war financial experts estimated the average daily cost of the war at \$20,000,000 were reduced, but the cost continues to grow daily. According to Premier Asquith the first seventeen days in July averaged a daily cost of \$15,822,000. On May 4 last Lloyd George declared that the average cost up to that time was \$10,500,000. Now Premier Asquith announces that the cost is approaching \$25,000,000 daily and that the gigantic appropriation asked will last only until November 3. Asquith's statement, which indicated that the war cost is doubling

**RUSH TROOPS TO WRECK AMERICAN
TEXAS BORDER TOWNS
FACTORIES SAY
GERMANS**

Authorities Were Advised By Friendly Mexicans That Uprising Is Planned

**SOLDIERS TO REMAIN
ON DUTY INDEFINITELY**

Men In Blue and Citizens Are Stationed On Housetops to Repel Attack

SAN BENITO, Texas, Sept. 15.—Soldiers have been rushed here by special trains as also to other Texas towns to remain on duty until further orders. The authorities have been advised by friendly Mexicans that an attack has been planned by Mexican uprisers upon several towns.

Bandits have also been seen in this vicinity as at various other points and American residents living in the outskirts have posted sentries to warn them of the approach of the bandits. Both soldiers and citizens have been stationed in the house tops ready to fight the Mexicans.

Mexican independence day is celebrated tomorrow and it is feared that this will cause disturbances. The American patrols on the border have been strengthened and Mexican military commanders are co-operating. Several have issued orders prohibiting soldiers from participating in a celebration parade and threaten to punish any one endeavoring to incite anti-American feeling.

**WARNING ISSUED
BY STATE DEPARTMENT**

WASHINGTON, Sept. 15.—The State Department has issued the following warning: "Owing to the disturbed conditions prevailing along the Mexican border, the department repeats advice heretofore given for American citizens to remain on this side of the international line for the present."

This official notice has followed the newspaper announcements that warning of this kind had been sent. Hundreds of Americans are fleeing from Northern Mexico owing to the fear that if the Pan-American Conference should give recognition to Carranza that Villa would seek revenge by attacking Americans in Mexico.

**MEXICANS PLAN TO
ATTACK ARIZONA PRISON**

PHOENIX, Sept. 15.—The populace fears a Mexican uprising tomorrow, Mexican Independence Day. Warden Sims of the state prison, has learned that Mexicans plan an attack on the penitentiary to rescue Mexican convicts. The searchlights are sweeping the deserts around Florence, the prison town, nightly and the guards have been doubled.

Governor Hunt has gone to Tucson, where two troops of soldiers have been ordered ready for eventualities. A new regiment of the National Guard was ordered mustered in at Ray.

**RAIDERS TERRIFY
PEOPLE IN SIMON, TEXAS**

LAREDO, Sept. 15.—Mexican raiders last night fired a number of shots in Simon, Texas. The residents fled without being injured. Troops of cavalry were rushed to Simon and Dolores. All the Fort McIntosh cavalry is patrolling the border north and south of Laredo.

**BRYAN AND FORD
CONFER PEACE PLANS**

DETROIT, Sept. 15.—Ex-Secretary Bryan visited Detroit hurriedly last night and conferred privately with Henry Ford, the automobile manufacturer, over Ford's proposed \$10,000,000 peace plan. Ford's secretary announced no definite plans were made.

Pamphlets Advising Destruction of Ammunition Plants Enclosed In Papers

**PAPERS WERE MAILED
IN UNITED STATES**

Kaiser's Government Admits This Fact But Disclaims Any Responsibility

BERLIN, Sept. 15.—The government has officially admitted that German newspapers mailed in the United States enclosed pamphlets advising the readers to destroy American ammunition factories. The government, however, disclaims responsibility and regrets the occurrence, and in so doing said:

"Such practice is officially designated as not only stupid, but also as dangerous. It is evident that head-headed private citizens who have been misled have tried to agitate in this manner the destruction of munition plants by inserting pamphlets in the papers. No newspaper office is responsible."

**68 MORE PUPILS
AT POLY THAN
LAST YEAR**

278 Are Now Enrolled; Big Increase In Registrations to Date

Sixty-eight more pupils have been enrolled at the Santa Ana Polytechnic High School to date than had been enrolled at the corresponding time last year, according to an announcement made today. One year ago today 210 students had registered, as against 278 which had enrolled at closing time last evening.

Principal E. H. McMath states that he is very desirous of having it generally known that registrations for the Junior College will be received on Monday, between the hours of 9 a. m. to 12.

Freshmen registrations will be received tomorrow and Friday. All students not graduates of the local grammar grades must bring their diplomas, according to Principal McMath.

At Intermediate Three hundred and twenty-two pupils have already registered at the Intermediate school and Prof. W. C. Roberts, the principal, is expecting at least fifty more. He will be in his office tomorrow and Friday to receive the enrollment of those who have not already registered.

**HERE ARE PEOPLE WHO
"SAW AMERICA FIRST"**

WASHINGTON, Sept. 15.—American tourists in Switzerland, reports Vice Consul Williams, have been forking over a hundred million dollars a year to Mr. and Mrs. Swiss for the privilege of climbing a hill to stand behind a lake and look at the sun. Furthermore, the lavish lobsbers sent \$200,000 worth of messages about it, used up \$200,000 worth of telephone time discussing it at long range, mailed \$1,000,000 worth of letters giving details, rode away \$44,000,000 worth of railroad tickets getting to and from and traveling around to brag about it; kept up the Swiss dividends on 2585 hotels worth \$227,000,000 and hired 43,000 servants to stand around and take \$5,000,000 worth of tips and whatever else they could lay their hands on. Looks as though Mr. and Mrs. Swiss "saw America first."

**SAN DIEGO BANK HAS
PASSED TO NEW HANDS**

SAN DIEGO, Sept. 15.—Controlling interest in the United States National Bank in this city heretofore held by Louis J. Wilde has passed to a syndicate of capitalists headed by Frank C. Spalding. Among those associated with Mr. Spalding in the purchase are Frank Plaffinger of Los Angeles, W. R. Powell, president of the Azusa Savings Bank of Azusa, and J. F. Spalding, a capitalist of Kansas City, father of E. C. Spalding. The consideration is private. Frank C. Spalding, the heaviest stockholder, was elected to the presidency. The institution is capitalized at \$100,000, has resources amounting to \$647,651, and deposits of \$437,181.

**NEW YORK SUFFERING
FROM HOTTEST WAVE
IN MANY YEARS**

NEW YORK, Sept. 15.—The hot weather is growing worse. This morning it was the hottest September temperature in the past thirty-eight years. At 8 o'clock the mercury registered 80 degrees. The humidity was 94 and still rising and it is almost insufferable. Thousands slept on the roofs and sidewalks last night, the mosquitoes harassing the sufferers and increased the suffering. Three persons are dead and many are prostrated.

NEW BANK AT BARSTOW

BARSTOW, Sept. 15.—The State Bank of Barstow will be launched at an early date. All arrangements for its organization are nearing completion.

**Ex-President In Los Angeles
58th Birthday Is Celebrated**

WILLIAM HOWARD TAFT, former President of the United States and present Yale professor, was born in Cincinnati September 15, 1857. He was admitted to the Ohio bar in 1880. After he had been graduated from Yale and the Cincinnati Law School he worked as a reporter for the Cincinnati Times and later for the Cincinnati Commercial. Then he became assistant prosecuting attorney of Hamilton county, which was the beginning of his long service in public office.

**Former President Will Eat
Anniversary Dinner In
Los Angeles**

LOS ANGELES, Sept. 15.—When former President William Howard Taft sits down at the table this evening in the home of his sister, Mrs. Dr. W. A. Edwards, in this city, fifty-eight candles will be burning about a big birthday cake marking the anniversary of years since the ex-President's birth. All members of the Taft family in Southern California will be present, viz., Judge and Mrs. Taft, Miss Helen Taft, Miss Louise Taft, Judge Taft's niece, Miss Herron, and probably Henry W. Taft, the former President's brother, with his wife and son, Walbridge, who are traveling in Southern California. It will be the first time in twenty years that Mr. Taft will have at his birthday dinner with the Los Angeles members of the family.

The former President on arrival this morning was greeted by Robert N. Bulla, president of the Chamber of Commerce; John S. Mitchell, first vice president; G. A. Brock, second vice president; Frank Viggins, secretary, and the Board of Directors. The entire party then took an automobile tour of the city and adjacent points of interest.

At noon the ex-President was guest of honor at a luncheon at the Alexandria Hotel at which 400 persons were present. At 2:45 o'clock this afternoon the former President addressed the student assembly at the Southern California University, speaking from a platform erected on the lawn on the grounds of the Liberal Arts building.

Tomorrow morning the members of the party leave for San Diego. They will return here Saturday in time for the Republican mass meeting that evening in the Trinity Auditorium. Judge Taft will address the meeting, which will be called to order by P. A. Stanton, national committeeman, and presided over by Judge Walter Bordwell.

Sees Thief Take Goods
His mood finished, Deder came out of the restaurant and saw Martinez making off with the sample cases. Deder immediately gave chase, following the Mexican east on Fourth to Bush street. At Bush the Mexican turned north.

Closely pressed by Deder, Martinez threw the three sample cases into an alley and ran west on Fifth street, the chauffeur close at his heels.

When Martinez reached Main he turned south and ran up the stairway of the Lacy House at No. 419. In the hallway of the roominghouse upstairs, Deder grappled with Martinez, got him by the collar and marched him to the city hall.

Martinez was searched. An open knife about six inches in length and a number of articles believed to have been stolen were found on his person. The knife was concealed in Martinez's inside coat pocket. Martinez was taken to the county jail.

White Man In It

A white man is said to be concerned in the theft of the sample cases, Deder telling the police that a white man was near the automobile helping Martinez to get away with the goods. Police are keeping a sharp lookout for the man.

The samples in the cases are said to be worth \$150. This afternoon Kaplan swore to a complaint charging Martinez with grand larceny.

**TOO MUCH TALK BY
WIFE GOT HIS GOAT**

SAN FRANCISCO, Sept. 15.—"I have been in the Great Silent places so long that your talk gets my goat. Good-bye." This was the message conveyed in a note from John Neilson to his wife and child who a few moments before left them sitting in a cafe. Neilson had been in Alaska several years seeking a fortune. He returned home yesterday, met his wife and child, took a motor ride with them, visited the fair last night with them, then to a cafe, from which he disappeared after writing the note mentioned.

**RUSSIANS DEFEAT
GERMANS NEAR
DVINSK**

Repulse of the Kaiser's Forces Saved the Key to Petrograd

**BATTLE IS IMMINENT
WEST OF SVENTZIA**

Czar Has Massed His Forces and Decisive Conflict Is Expected

PETROGRAD, Sept. 15.—Dispatches received here report that the Russians have heavily defeated the Germans in the latter's attempt to capture Dvinsk, the key to Petrograd. The Russians repulsed the German cavalry at Vilna on the Petrograd railway and the Slavs recaptured the railway from Dvinsk to Vilna.

Aviators soaring over the German lines report that General Von Buelow's forces have been reinforced. The Teuton infantry is now approaching the railway.

The Russians have massed their armies west of Sventzia and a battle of decisive proportions is imminent. German attacks in the Dvina region from Jacobstadt to Dvinsk are increasing in violence. General Ruskky is maintaining his positions and is inflicting heavy German losses.

An official statement claims the capture in a battle on near Zwozdje of 1300 prisoners while 7300 prisoners have been captured in the villages southwest of Wyznewo.

**BRITISH MARINES MAKE
GALLANT STAND AGAINST TURKS**

LONDON, Sept. 15.—Brigadier-General H. G. Casson has been wounded while fighting in the Dardanelles. British marines distinguished themselves in Gallipoli, where they held secure trenches against the furious attacks of vastly superior numbers of Turks.

**GERMAN SUBMARINE
SINKS NORWEGIAN VESSEL**

COPENHAGEN, Sept. 15.—A German submarine sank the Norwegian steamer Tottor Norte in the North Sea. The crew was rescued.

**FLYS UNDER FALSE
COLORS; DROPS BOMBS**

ROME, Sept. 15.—Flying the Italian flag, an Austrian aeroplane flew over Vicenza, forty miles west of Venice, and dropped four bombs. No damage was inflicted.

**RUMANIA TO MOBILIZE
TROOPS AGAINST AUSTRIA**

ATHENS, Sept. 15.—An unconfirmed report is current here that Rumania has ordered mobilization against Austria.

**BERLIN DECLARES
RUSSIANS HAVE PRESSED**

BERLIN, Sept. 15.—Russian forces are still hard pressed from East Grodno to Prepet, it is officially announced. Von Mackenzen is pursuing the Slaves and approaching Pinsk. Prince Leopold's Bavarians have driven the Russians across the Szesara river at many points.

**CZAR TELLS KING WHY
HE ASSUMED COMMAND ARMY**

LONDON, Sept. 15.—In a telegram from the Czar to King George the former gives his reason for assuming command of his army as follows:

"In this serious time in which my country is going through, I have decided to take the leadership of my armies into my own hands. In announcing to you this fact I once more express my conviction that with God's help and through the combined efforts of the allies, their final victory will crown this bloody war."

"NICHOLAS."
King George has sent the following reply:

"I am delighted to hear that you have now assumed command of your armies in the field. I heartily share your convictions that with the help of God you and your brave troops, with those of the allies, will finally achieve victory with the honorable and lasting peace. My thoughts will be more than ever with you in these anxious times."

**TWO BOMBS FOUND
ON STEAMSHIP LAPLAND**

NEW YORK, Sept. 15.—Two bottle-shaped bombs concealed in one of the hatches of the steamship Lapland of the Red Star line were discovered last evening just after the longshoremen who had been loading the vessel had quit work. The vessel was loaded with war munitions for the allies and was to sail this morning for Liverpool.

The two bombs were of glass, five inches high, shaped like a boy's spinning top, with the peg end cut off to make a flat bottom about three inches in diameter. A neck about two inches long, where the head of the top would be, gave them the bottle-like appearance. Instead of being corked, the neck of each of them was fused to the body after they were filled with the explosive or incendiary liquid. The bombs were on either side of the hatch resting on a narrow ledge. Had the hatches been placed in readiness for sailing they would have crushed the necks of the bombs and liberated

HERE TO ADJUST RURAL ROUTES OF COUNTY

Postal Inspector Likely to In-
crease Territory Served
By Country Carriers

Fairview and Harper Prob-
ably Be Included In Ser-
vice From Santa Ana

Frank Trout, postal inspector, ar-
rived in Santa Ana yesterday, and
today he began a systematic in-
vestigation into the rural routes of
the post offices of Orange county with a
view to making needed adjustments
and to adding territory to that already
served by the country carriers.

It is believed that Trout will make
recommendations that will add sever-

**MANY FOLKS IN OUR HOME
STATE TESTIFY.**

San Francisco, Cal.—"I am very glad
of the chance to tell how much good
'Golden Medical Discovery' has done
for me. For a long time I suffered
from indigestion and a bad case of
catarrh. I tried a great many so-called
'remedies' but none of them did me a
particle of good. I finally tried Dr.
Pierce's Golden Medical Discovery and
was glad to feel an improvement right
away. I have taken five bottles al-
together and I have not a trace of in-
digestion or catarrh at all now."—Mrs.
A. GEORGE, 1322 Leavenworth St.

**Why "An-uric" is an
INSURANCE
Against Sudden Death!**

**SUFFERERS FROM BACKACHE, RHEU-
MATISM, AND KIDNEY TROUBLE.**

Before an Insurance Company will
take a risk on your life the examining
physician will test the urine and report
whether you are a good risk. When
your kidneys get sluggish and clog,
you suffer from backache, sick-head-
ache, dizzy spells, or the twinges and
pains of lumbago, rheumatism and
gout. The urine is often cloudy, full
of sediment; channels often get sore,
and sleep is disturbed two or three
times a night. This is the time you
should consult this physician of wide
experience—such as Dr. Pierce, of the
"Invalids' Hotel and Surgical Institute,
Buffalo, N. Y. Send him 10 cents for
sample package of his new discovery—
"An-uric." Write him your symptoms
and send a sample of urine for test.
Experience has taught Dr. Pierce that
"An-uric" is the most powerful agent
in dissolving uric acid, as hot water
melts sugar.

al hundred families to the rural list
of the county.

Trout is going to do his work thor-
oughly. He is already familiar with
the Orange county offices and most of
the routes in a general way, his of-
ficial duties having called him often
into this county. He has already dis-
cussed with postmasters in a general
way the needs that are likely to be
presented to him.

At present Trout is making his
headquarters in Santa Ana, and from
here he will work out over the coun-
ty. Trout not only studies the maps,
but he also goes out and sees the
country to be served.

Are After a Rural
Many of the residents of the Fair-
view and Harper sections have been
insistently asking for carrier mail
service, and it is more than likely
that they will get it. That section has
grown rapidly since the last adjust-
ment of rural routes was made out of
the Santa Ana post office.

Numerous minor changes are pro-
posed in the Santa Ana routes. It is
likely that a change will be made that
will increase the number of residents
reached on the San Joaquin ranch.

Huntington Beach and Garden
Grove post offices have long been uring
attention. Huntington Beach has
claimed that it has plenty of territory
for a second route without overlap-
ping any other route.

Garden Grove has no rural route at
present, but is anxiously seeking one.
It is pointed out that Santa Ana rural
carriers pass through the town, and
Garden Grove believes that the federal
authorities ought to allow the
route to be started out of the Garden
Grove office instead of out of the Santa
Ana office.

Adjustments in service are to be
made in the Anaheim routes out to-
ward Stanton. Growth in population
and the development of the country
in the north end of the county will
necessitate an increase in the rural
route service. Just how many routes
will be added, if any, cannot now be
stated.

Automobile Routes
That there is a possibility that the
postal authorities will combine some
of the rurals served by horse and
buggy into a route served by automo-
bile has been frequently discussed by
postal employees in this county. Else-
where the change in system has been
established. The reason urged for
the change is that of economy.

Should automobile routes be put in-
to the Santa Ana office, the number of
rural carriers would be reduced.

graphy at Orange County Business
College.

THREE BEAN GROWERS DISCUSS THE LIMA CROP OUTLOOK

W. C. Jerome, G. W. Moore and
H. S. Hazeltine, representing
bean growers' associations of
this county, went to Ventura
county and put in the day among
bean men of that section. The
purpose of the visit was to talk
over the idea of forming a vigorous
general association.
The idea of an association is
not a new one, of course, for
Ventura was the mainstay of the
old association that is now dor-
mant though not discontinued
entirely. The Orange county
men had an interview with
President Donlan and Secretary
Cook of the association, and gave
them the word from this county
that the association plan has
gained favor among the grow-
ers here.
Nothing definite was reached
so far as any agreement as to a
line of action was concerned, but
the visit gave the representatives
of the growers of the two great-
est bean growing counties in the
state a better understanding of
each other's problems.

LARGE QUANTITY OF FUEL HERE SAYS M'PHEE

Visit to El Toro Grove Shows
Wood Cut On Whiting
Ranch Full Measure

County Sealer of Weights and Meas-
ures George McPhee's investigation of
the possible wood supply of this coun-
ty and incidentally of the methods em-
ployed in its distribution has brought
to light the fact that there is no pres-
ent fear of a fuel famine, for while
this is considered a sparsely timbered
locality, there are in reality many
thousand cords of wood available at
the moment and many thousand cords
beside in the making in the way of
eucalyptus groves that will be ready
for the axe and saw within a very few
years.

One nice little lot of this eucalyptus
wood was recently "discovered" by
McPhee on the Whiting ranch at El
Toro, where E. S. Goode, the genial
resident agent for the property took
McPhee to examine several hundred
cords of wood that had been cut and
piled ready for sale. As a result of
the examination McPhee says that if
every wholesaler in the country fol-
lowed Goode's methods there would
not be any need of a sealer of weights
and measures at all, for the wood was
found to be cut full length and prop-
erly piled, with the additional safe-
guard for full measure in the way of
specific instructions to the purchaser
that if the tiers are not found to be
full four feet high, the aforesaid pur-

dread in my mind, I had cold, nervous,
weak spells, hot flashes over my body.
I had a place in my right side that was
so sore that I could hardly bear the
weight of my clothes. I tried medicines
and doctors, but they did me little good,
and I never expected to get out again.
I got Lydia E. Pinkham's Vegetable
Compound and Blood Purifier, and I cer-
tainly would have been in grave or in an
asylum if your medicines had not saved
me. But now I can work all day, sleep
well at night, eat anything I want, have
no hot flashes or weak, nervous spells.
All pains, aches, fears and dreads are
gone, my house, children and husband
are no longer neglected, as I am almost
entirely free of the bad symptoms I had
before taking your remedies, and all is
pleasure and happiness in my home."—
Mrs. JOSIE HAM, R. F. D. 1, Box 22,
Shamrock, Missouri.

(confidential) Lynn, Mass.

chaser may fill them out to his own
satisfaction. As the purchasers are
ranchers in the vicinity, the matter
of full measure is presumably faith-
fully attended to.

Incidentally it might be mentioned
that one eucalyptus grove on the
Whiting ranch contains 500 acres and
another smaller one sixty-nine acres,
making 569 acres in all, and from this
are cut annually about 900 cords, with
an additional reserve supply of about
300 cords of dry wood kept constantly
on hand.

Goode is authority for the state-
ment that high railroad freight rates
preclude the possibility of sending
wood to the Los Angeles and other
outside markets, limiting the demand
to practically the immediate neigh-
borhood of the supply, thus giving
the ranchers in his locality assurance
of an adequate supply of fuel for
years to come—and, incidentally, they
will get a full cord when they pay for it.

YORBA LINDANS AT A FAMILY REUNION

YORBA LINDA, Sept. 15.—A family
reunion was enjoyed Sunday at the
home of Mr. and Mrs. Everett McPherson,
1517 Seventeenth street, Santa
Monica, in honor of Mr. Everett's
mother, Mrs. Carrie Cleland, of Mar-
tinsville, Ohio.

Those of the party were Mrs. Cle-
land, Mr. and Mrs. McPherson and
daughter Mabel, Mr. and Mrs. Carl H.
Seamans, Ben Moore, Misses Mildred
Moore, Erma Moore, Mae Moore,
Everett Moore, Walter Moore and
Lloyd Buckmaster of Yorba Linda,
Robert Moore of Wilmington, Ohio,
and Emma West Weed and son, How-
ard, of Whittier.

The morning was spent in exchange-
ing memories and recounting inci-
dents of long ago back in the Buckeye
state, interspersed by choice selec-
tions on the piano by Mrs. Emma J.
Moore Seamans.

At noon as per appointment the
autos were loaded with well-filled
baskets and the party drove out
through the beautiful Seventeenth
street viaduct, around the Palisades
Cliff and out into the gorgeous Santa
Monica Canyon. There among the
spreading live oak and sycamore
trees the feast was spread upon ta-
bles prepared, and the group gathered
round and partook of the bounties
while looking out from among the
beauties of nature down upon the
grand old Pacific Ocean, whose ever-
surging, foamy waves furnished the
music for the banquet.

The funeral services of Henry
Turner, who died at the Fullerton Hos-
pital Friday evening, were held Mon-
day morning at 10:30 o'clock at the
David White undertaking parlors.
Many of the friends and neighbors of
Yorba Linda attended the services.
Lee Vernon and his Sunday school
class of young men gave a novel en-
tertainment Saturday evening, which
was well attended by the friends of
the class. The boys all appeared in
knee pants and white stockings and
impersonated various eccentric char-
acters which music and recitations.

The school year began Monday
morning with Mrs. C. W. Payne as
principal and Miss Dessie Jepson and
Miss Edith Menus in charge of the
lower grades.

Rev. D. Y. Jones began his new pas-
torate here Sunday with an excellent
sermon splendidly delivered to an un-
usually large audience. Dr. Jones
with his family have moved to the
parsonage and have begun at once to
improve the place with flowers and
shrubbery.

MARRIED IN SANTA ANA
LONG BEACH, Sept. 15.—Long
Beach's moving picture studio should
be re-named "The Matrimonial Fea-
ture Film Company," in view of the
frequency with which its members
have committed matrimony recently.
The latest match to be made is that
of Edwin J. Brady and Lillian West,
who slipped away to Santa Ana Sat-
urday unbeknown to their co-workers,
and joined hands for life. The fact
did not leak out until yesterday, how-
ever, at the Balboa plant.

NEW HOME RUN RECORD MADE BY GAVY

Smashes Out Twenty-Second
Circuit Clout at Pitts-
burg Yesterday

Yesterday at Pittsburgh Gavy Cra-
vath knocked another home run, his
twenty-second this season and a new
record for home runs in organized
baseball. The Pittsburghs, against
whom the Philadelphia Nationals played
yesterday, were defeated 4 to 3. The
former record of twenty-one home
runs in a season was made in 1911 by
Frank Schulte of the Cubs. During
the past two years Cravath has twice
come within two of equalling the
figure. The Philadelphia team has
twenty-one games yet to play. At the
rate Cravath is knocking homers it is
not at all without the range of possi-
bility that he will tie or even better
the mark made years ago by Buck
Freeman when the National League
was absolute monarch of baseball.
Freeman, wearing the uniform of the
Washington club, drove out twenty-five
circuit smashes. That figure has
never been equalled by any major
league player since baseball began to
attract general attention. Schulte's
mark of twenty-one homers has re-
mained the mark that the sluggers
have shot at since organized baseball
took a hold on the sport. Cravath's
new record is now recognized as the
supreme effort of the present genera-
tion.

**EVERY HOME NEEDS A FAITHFUL
COUGH AND COLD REMEDY**
When seasons change and colds appear
—when you first detect a cold after getting
next to one who has sneezed, then it is
that a tried and tested remedy should be
faithfully used. "I never wrote a testi-
monial before, but I know positively that
for myself and family, Dr. King's New
Discovery is the best cough remedy we
ever used and we have tried them all."

GET READY FOR OPENING OF SCHOOL, SAYS SUPERINTENDENT

ANNOUNCEMENT MADE ASSIGNS TEACHERS TO PLACES FOR THE COMING YEAR

Children Are Urged to Be On Hand For the First Roll Call

BY J. A. CRANSTON
(Santa Ana School Superintendent)
Everybody, young and old, get ready for school, which will open in Santa Ana Monday, September 20. There will be a general assembly meeting for instruction and direction regarding the work of the school year, Saturday, September 18, at 10 a. m., in the music room at Poly High. All teachers of the Santa Ana schools are requested to attend. Principals will meet with their teachers at 2 p. m. at their respective buildings to make final arrangements for the opening of school on Monday.

Parents of children of Kindergarten age, four and one-half to six years, will please take notice that the law provides that a child who is or will be six years old during the first three months of school may attend and parents will also take notice that a child, who is or will be six years old during the first three months of school may attend the first grade.

Parents will please send their children to the school nearest their home and observe that the school law provides that children shall be enrolled in the order in which they apply until all seats are filled. Hence first come, first served.

Transfers Necessary

In this connection it may be well to say that the superintendent sometimes finds it necessary to transfer children to another school to relieve congestions. In doing so he will endeavor to transfer them to the school best fitted by age and physical strength to make the change and trusts that parents of children so transferred will understand that transfers will be made only for the best interests of all concerned and he hopes that parents will not take up his time by making objections to reasonable and necessary transfers.

For Co-operation

There is a growing need for a closer co-operation on the part of parents with teachers in reducing to a minimum distracting influences and in creating such habits and conditions of child-life in the home as will develop naturally the power of concentration. On every hand we find evidences of stimulating and distracting influences upon the life of children in their teens. This excitement outside of school leaves children in such a condition of mind and body that they cannot concentrate upon their studies. The excessive use of moving pictures, automobile, and attendance upon social functions have made it very difficult and in some cases next to impossible for teachers to make an impression on their pupils. Our boys and girls are losing not only the power of concentration but of self-discipline.

Parents are urged to see to it that their children begin school the first day. The loss of one day or half-day is not only a loss to the child but to the school. No parent should expect a teacher to take the time for her whole class to explain some work to a pupil who has been absent for a half day or day unless the absence was absolutely unavoidable. The public schools are run on the principle of the greatest good for the greatest number and no individual has the right to claim special privileges when the granting of such privileges must necessarily work to the detriment of the whole. Parents will therefore seek the best interests of both the child and the school by seeing to it that their children are punctual and regular in attendance throughout the school year.

Supervised Study

During the past two years in our intermediate and first two years of high school work the study period has been supervised by teachers. Pupils recite the first period and remain in the same room for study under the guidance of the teacher. There are many advantages in this plan but the principal advantage is that pupils may be taught how to concentrate their attention upon the task at hand, how to attack problems, in short, how to study. Now, if a similar plan were carried out in the home, the results would be most gratifying to all concerned. If parents would provide a definite time that their children shall not be disturbed; if they would also limit the time for moving pictures, and social function to Fridays and Saturdays during the school year they would not only be co-operating in the best sense with the teachers, but would be taking a long step in advance in promoting a more wholesome and efficient life in the home and in school.

Parent-Teacher associations offer an excellent opportunity for co-operation. Such associations offer an opportunity for parents and teachers to become acquainted and study their common problem, the child, together. Untold and inestimable good has come from the work of such organizations in Santa Ana and future good will be measured as in the past by the spirit of co-operation between parents and teachers.

A WONDERFUL ANTISEPTIC
Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Lintiment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by over-crowding congestion and gives a chance for the free and normal flow of the blood. Sloan's Lintiment is an emergency doctor and should be kept constantly on hand. 25c. The \$1.00 size contains six times as much as the 25c.

Auto Service Stand, White Cross Drug Store. Both phones 42. Special trips anywhere at any time. Prices reasonable. R. A. Harlow.

The assignment of teachers in the elementary schools of Santa Ana, as announced by City Superintendent of Schools Cranston, follows:

Intermediate School
W. C. Roberts, Principal; P. L. Tople, eighth grade, history and civics; Fanny Pease, seventh grade, history; E. A. Sunberg, eighth grade, arithmetic and athletics; Nellie Clin- zack, eighth grade, language and grammar; Edna Brown, seventh grade, language and grammar; Verna Petterson, reading; Hazel Bemis, drawing; Maud Jones, science; Lucy Carter, geography; B. F. Beswick, Spanish; Maud Wherry, penmanship; Nellie M. Remsburg, Latin; A. M. Davis, manual training; Bessie McCord, domestic science; Harry Garstang, music.

Lincoln School
Linda Paul, Principal and B first; Lois Thacker, A first; Florence Esselburn, second; Mary Glen, third; Bess G. Campbell, fourth; Alma Stewart, sixth; Ursula Lee, A fifth; Anna Rich- erich, B first and A sixth; Adeline Hill, Kindergarten Director; Mayme Havens, assistant Kindergarten.

McKinley School
Mary Andrews, Principal and B third; Arlie Cleveland, first grade; Millicent Phillips, second grade; Unice Bower, A second and A third; Grace White, fourth; Jennie Dale, fifth; Sadie McConaughy, fifth; Lana Brokaw, sixth; Mrs. E. H. Barnes, Kindergarten Director; Mar. McGee, assistant Kindergarten.

Roosevelt School
May Pullman, Principal and B first; Ada Borden, A first and B second; Stella Daniel, second; Fanny Laugh- head, third; Leila Jackson, fourth; Laura Merritt, fifth; Louise Strehen- bach, sixth; Edith J. Bohannon, Mexi- can School; Fanny Smart, Kinder- garden Director; Mary Collins, as- sistant Kindergarten.

Jefferson School
Berthie Barclay, Principal and second; Blanche Collings, first; Mrs. E. E. Bruce, third; Pearl Plum, fourth; Helen Richardson, fifth; Grace Allen, sixth; Ella McLeon, Kindergarten Di- rector; Mildred Shallenberger, as- sistant Kindergarten.

Spurgeon School
Della Wagner, Principal and first grade; Stella Kaufman, second; Ethel Wright, third; Mary Henderson, fourth; Esther Swedell, fifth; Ruth E. Striffler, sixth; Margaret West, Kinder- garden Director; Doris Wells, as- sistant Kindergarten.

Washington School
Blanche Plum, Principal and sixth; Glenna Abbott, first grade; Helen Koplin, second; Emma Hasty, third; Unice Davis, fourth; Josephine Mc- Crory, fifth.

Fifth Street School
Lottie Sweet, Principal and First; Kate Montgomery, second. Super- vising teachers: Dalma Young, draw- ing; Harry Garstang, music; W. I. Stewart, penmanship; Sallie Cartmell, attendance officer and school nurse.

ORANGE KINDERGARTEN ENROLLMENT PLEASES

Orange News: The elementary schools opened yesterday with a total for the first day of 640 students. Of these, 145 were in the seventh and eighth grades and 72 in the sixth grade at Glassell street school; 154 were in the Center street grades; 222 in the Lemon street grades, and 47 were in the Kindergarten.

The kindergarten enrollment was one of the gratifying features of the opening, as this is the first year of kindergarten work. A number of additional enrollments in the kinder- garden work is expected this week.

At the Center street school, Miss Biggs has 33 students; Miss Brooks 34; Miss Chandler 22; Miss Runner 23; Miss Hull 38, and Miss Urie, kin- dergarten teacher, 25.

At Lemon street, Miss Killifer has 47; Miss Biggs 31; Miss Pixley 38; Miss Penmann 36; Miss B. Davis 38; Miss Nobbs 42; Miss Pirie 39; Miss J. Davis 33, and Miss Whipple of the kindergarten 22.

—Dr. J. W. Shaul, 417 Hollings- worth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

Enroll now, day or evening, at Orange County Business College.

KNOTTY PROBLEM TO BE SOLVED BY COURT

Two Women Claiming to Be Man's Wife Seek Estate of Leon Holmes

LOS ANGELES, Sept. 15.—In an accident near Long Beach on the night of August 30 last Leon Holmes was killed in an automobile accident. Two women now claim to be his wife. This legal conundrum will have to be solved by the courts. Mrs. Lillian Holmes of Ocean Park has filed a petition for letters of administration of the estate.

This application is, in reality, a contest of the claims upon the estate made by Mrs. Betty Hansen Holmes. Each asserts that she is the widow of Holmes. Which is? That is the question the court must decide.

Mrs. Lillian Holmes says she is the

widow because Holmes, from whom she was divorced January 8 last, had not received his final decree. The interlocutory decree had not terminated by more than four months.

Mrs. Betty Hansen Holmes, who married Holmes early last summer in Yuma, Ariz., presents her claim to widowhood and the estate for the reason that her husband died.

The accident which resulted in the instant death of Holmes also took his father and William Craig of Long Beach in the same manner. Mrs. Betty Holmes, who was the fifth passenger in the automobile that went over the bridge near Gaspar, a point in the outskirts of Long Beach on the road to Wilmington, alone escaped.

The theory is now accepted by all parties concerned that the elder Holmes died before his son and that in the infinitesimal interval between their deaths the estate passed to the latter.

The value of the property is placed by Mrs. Betty Holmes in her petition for letters of administration at \$10,000. Attorneys for Mrs. Lillian Holmes say that this is a ridiculously low estimate and place the figure at \$75,000.

It is contended on behalf of Mrs. Lillian Holmes that she never ceased to be Holmes' wife, that an interlocutory decree in California is an order which provides for a trial or probationary period of a year and that the severance of marriage bonds is not consummated until the expiration of that period. This is held to be the case, no matter whether a person subject to an interlocutory decree married in California or any part to the world. In other words, an interlocutory decree of divorce, according to this view, is not a divorce. Mrs. Lillian Holmes, therefore, enters the legal fray with this announcement: "I was his wife and would have remained so, had he lived, until the final decree was granted. Having been his wife, I am now his widow and entitled to the estate."

On the other hand, Mrs. Betty Hansen Holmes, who now occupies the residence of the Holmes family in Long Beach, presents herself as the only and bona fide widow and sole heir to the estate. If she is not the widow, she was not the wife, she maintains. It is urged that the marriage was legal, that thousands of cases exist in California where parties to divorces entered new bonds of matrimony before the final decree and that these have been regarded as legal and binding.

Both women are young. Mrs. Holmes No. 2 was Miss Hansen of Pomona and eloped with Holmes. Mrs. Holmes No. 1 married him in 1903 and he secured a divorce on the grounds of desertion.

Take a bookkeeping course now in Orange County Business College.

MEMBER OF THE UNITED PRESS
Entered in the Postoffice in Santa Ana,
California, as second-class matter.

APPROVED

So far, the press of the state is unanimous in commending Governor Johnson's statement of his attitude on the Ford and Suhr case. Of course, from the point of view of the extreme revolutionists, this is to be expected. Newspapers are property, and newspaper proprietors are therefore assumed to be capitalists and naturally to be on the capitalistic side of what the I. W. W.'s conceive to be a class war. But if newspaper men, including the editors of small country weeklies, are capitalists merely because they have more or less fixed habitations and occupations, so are most other people. And so long as free governments are controlled by majorities, the number of the industrious, the thrifty and the ambitious will always be sufficient to overbalance the mere apostles of destruction and revolution.

There is no question that if the fate of these men in whose behalf this criminal agitation has recently been conducted could be submitted to a referendum of the people of California, or even to a referendum of the laboring people of California, they would fare far harder than they are likely to fare at the hands of Governor Johnson.—Fresno Republican.

PRINCIPLES ABOVE PARTY

Regardless of the fate of the Progressive party (as a political organization) thoughtful people of all parties concede that progressive principles constitute today the dominant force in the politics of this country. Just the other day this paper quoted Elihu B. Root, one of the biggest Republican newspapers to the same effect. It has quoted many strong Republican newspapers to the same effect. And then there was that emphatic statement to that effect from former Governor Hadley of Missouri.

Now listen to the Sacramento Bee, a really and truly independent Independent Newspaper, a paper of exceptional ability and courage, one whose integrity is universally acknowledged: Progressivism is not dead in California, nor elsewhere; neither does it sleep. It is more vital today, more instinct with life, more potent for good than ever it was. The good it has done in the past is as nothing to the benefits it will confer upon humanity in the future.

The spirit and purpose of Progressivism will not die. They will advance to higher planes and greater ideals. Their conquests in the future, their triumphs for the world and for humanity, may not be under the shibboleth of the Progressive party, but none the less will they be conquests and triumphs.

While the Progressive party, under that designation as a party, may not have a much longer lease of life, yet no party will be victorious at the polls in 1916 which does not breathe the vital essence of Progressivism, whose platform is not built of strong progressive material, and whose candidates are not true to progressive doctrines; whether they be native and to the manner born therein, or whether they be converts thereto.

CHILDREN'S GARDENS

The child garden movement that has been started in so many places was for a time something of a joke. The children may have planted the vegetables and flowers. But the parents bought the fertilizer, had the ground spaded up, and were apt to do most of the weeding. Afterward they were supposed to pay the youngsters for the vegetables thus produced.

Long lists of prizes awarded to children for garden work are now appearing in many of the newspapers. One such list now at hand names one child of four as receiving a prize for several varieties of flowers.

An agricultural college expert a few days ago went through the children's gardens in a town of some 7000 people. He gave a hasty glance to perhaps half the plots, and remarked that those he had seen contained products worth at least \$1000. Evidently when the fall harvest is completed, these youngsters had added several thousand dollars to the wealth of that town. It was done out of time previously spent at aimless plays. It is a joke no longer.

The American boy is not trained to work. He resents regular tasks. If compelled to hoe up weeds while hearing the yells of the neighborhood boys over in a back lot his soul revolts at the gross injustice of the world and the heartless cruelty of parents.

But the modern American child is a pretty mature little creature. He is perfectly capable of raising a profitable garden if he wants to. There are a good many boys today taking cattle show and county fair and school prizes for amounts of vegetables

Young Mens' Fall Suits

—Without exception they're the finest styles, prettiest patterns and best values we have ever shown.

—They follow along the English lines; short coats, with high, snug-fitting waists. Straight pants, tapering slightly at the bottom to 1½ cuffs.

—A real pleasure to show you.

W. A. HUFF

raised the past summer running up into the hundreds of dollars.

The garden movement has made much better progress since the government and state experts conceived the idea of organizing the youngsters into clubs. A boy does what his gang does. If his mates decide that raising the biggest pumpkin is just as good fun as knocking the longest three bagger he wants to take a hand in the pumpkin game.

Enrollments are now active at the Orange County Business College.

Too Late to Classify

RUSSIANS DEFEAT GERMANS NEAR DVINSK

[CONTINUED FROM PAGE 1]

the acids, causing either an explosion or a conflagration. The hatches were not put on, however, it being customary not to fasten down the hatches until the vessel is at sea and then only in heavy weather. The top-heavy shape of the bombs also led to the belief that whoever placed them may have expected that they would be upset by slight rolling of the ship if they escaped detection, and the same purpose be accomplished.

GERMANS INSIST MINE SANK HESPERIAN

BERLIN, Sept. 15.—A qualified disclaimer of responsibility for the sinking of the steamer Hesperian is made by the German government in a note from the Foreign Office to Ambassador Gerard. On the face of the evidence thus far at hand, the government is satisfied that the Hesperian was not sunk by a German submarine.

The communication is a preliminary note which may be supplemented when all the facts in connection with the Hesperian incident are established definitely. The German government states that, on the basis of the information thus far obtained the theory that the Hesperian was sunk by a German submarine apparently may be abandoned absolutely. It is said that official records show no submarine should have been in the vicinity of the Hesperian at the time she was blown up. Furthermore, the point is made that the violence of the explosion and the place in which the steamship was struck, as set forth in the accounts of the disaster, indicate that it was due to a mine. The report does not profess to be final.

WATERMELON SIRUP MAKES MANY SWEETS

Agricultural Experts Have Discovered New Use For Surplus Melons

WASHINGTON, Sept. 15.—A new use for surplus watermelons has been found by specialists in the United States Department of Agriculture. With the aid of utensils found in every household a sirup can be easily extracted from the fruit and preserved in sterilized jars. This product will serve most of the purposes for which ordinary sirup is used in the home. It is reddish brown in color, very sweet and well flavored. It has been found especially satisfactory in the making of ginger cake, homemade candy and in sweetening and flavoring ice cream. The method recommended by the Department of Agriculture for the home manufacturer of this product is as follows:

Remove the pink flesh and seeds from the rind of sweet, fully ripe melons. Crush the flesh with a potato masher or by running it through a meat chopper. Place the crushed pulp and seed in cloth bags, and squeeze out the juice, which flows out readily. About five-sixths of the pulp will squeeze out as juice. About thirteen gallons of the juice will make one gallon of sirup. This amount of juice can ordinarily be secured from ten watermelons weighing from twenty-two to twenty-five pounds each.

The juice is then boiled down into a sirup in an ordinary preserving kettle. The juice boils without much foaming until it begins to thicken, when the fire should be slackened to prevent foaming and burning. The red coloring matter in the juice coagulates during boiling and part of it rises to the surface where it can be removed by skimming. The remainder floats about in the juice, forming red particles which gather near the top. Toward the last of the boiling the sirup must be watched constantly. If the housewife has a candy thermometer she should take the sirup from the fire as soon as it reaches a temperature of 220 degrees Fahrenheit, otherwise she should let it cook until a small sample on cooling is about as thick as maple sirup. When the boiling has finished, the sirup can be set aside to cool in covered vessels or can be poured while hot into cans or glass containers and sealed.

Where a cider press is available the melons can be cut into pieces and arranged on the press so that the pressure will extract the juice of the pulp before it presses the rind. The juice of the rind is not so rich in sugar, and experiments with rind juice alone indicate that it is not suitable for sirup.

DINNER CHATS WITH WALNUT GROWERS

(By J. G. Berneike, M. D.)

Coincident with the opening of the schools on September 20, the association walnut house will open its doors. Mr. Becker, the well-known builder and contractor, will have the machinery in readiness to begin grading and packing. The alterations made will allow of more competent work in handling a larger crop.

The books are still open to receive new members and probably will be left open, according to former custom, until the associations quote their price on walnuts. This date should be put off as long as possible to afford the utmost opportunity to find out about the actual supply and quality of our crop. This gives us more time also to learn more of the European crop, and of the domestic demand. Independent buyers have, of course, in a measure, anticipated the action of the associations in this respect by firm offers and contracts at 12½ per pound, orchard run, for seedlings, and 14 cents for budded nuts. They also offer 1½ cents below association price.

Growers who are not yet members should consider this fact: If it were not for the co-operative effort of the association the walnut industry of California would have gone by the board before now. Walnut orchards would be worth the price of bare land only. This may seem like a broad statement, but every old-timer can cite you plenty of proof. Therefore, every grower should feel it his duty to help those who are helping him, and make the co-operation effort a greater success. Almost invariably the members have received a better price than the average price on the outside, and every one has received a uniform price with every other one. Of course, the grower who fears to let his crop stand on its merits, will think that he can perhaps fare better on the outside. But it is clearly evident that if a buyer pays too much for the crop of one grower, he must make up for it by paying too little for the crop of another grower, or else he must be the loser, which would soon force him out of business. Co-operators have not always trod a path of roses, but they could wear "the smile that won't come off" much sooner if every one would help.

Regarding the supply we shall find it shorter than anticipated a month ago. The blight has done more extensive damage than was realized until now, while we have begun picking up. Many nuts that looked good until a few weeks ago prove to be culls. The codling moth also has caused many good nuts to become culls. These nuts while on the tree, look perfectly good even now, but are culls just the same. If we ship them east for good nuts we will soon ruin the market for California walnuts. It will require rigid culling to maintain and enhance the reputation of "California Diamond Brand Walnuts." It is easy to recognize culls by blight, but hard to tell those caused by the worm. Some have a black stain at, as well as the hole in, the stem end. Some have no stain, look perfect, except for the little hole. It is best to cull

them out before they go into the bleaching liquid. This passes through the little hole into the nut, and the meat soon turns rancid. The worm no doubt is killed, too. But who would want to buy that kind of a nut? These culls may be cracked for their meat, most of which is good. It is reported that Orange county is better off than are the other walnut producing counties. One of them was afflicted with blight, codling moth and aphids. We may be thankful that we so fortunately escaped the aphid pest which spoils the quality of every nut on the tree.

The codling moth has proved a serious pest in France, destroying sometimes half the crop. It seems well spread in our county by this time, but this year is the first time it has done considerable damage. Walnut growers are not promised an easy time for the future.

Last year we produced too many jumbos, this year not enough. They are few and far between. Of number 2s there are plenty, and this may prove a little troublesome for outside growers who want a No. 1 price for a No. 2 nut, also for the buyer who has underestimated their percentage.

Since the output of culls will be quite large, we must congratulate ourselves upon the timely installment in Los Angeles of the walnut cracker, for the associations. And since each grower's lot of meats will be graded separately, each grower will receive his just due. There will be many good white meats from the culls, and the white meats bring a very fair price. So it will be best to throw every nut with a black stain or perforated shell or hole at the stem end into the cull pile without the least compunction. If the meat is good the cracker will find it out. Of course, it would be poor economy to pay the

freight to Los Angeles on trash. The black shrunken skulls of culls might be gathered up and placed in a box to be pounded up for the chickens. Whatever is good, they will find.

Last year an experiment was tried selling the jumbos in 3-pound packages. This did not prove a success. The package was too large and the price too high for the ordinary consumer. The output was too large for the trade that could use them. This year, as has already been announced, some No. 1 nuts will be packed in one and two-pound packages. A large demand for these is already evident. If success becomes assured, then we will have in them the best possible and least expensive advertising medium for "California Diamond Brand Walnuts." But it will be absolutely necessary that these "peek-a-boo" packages shall be also "golden rule" packages, filled only with the kind of nuts that you yourself would be willing to pay your good money for.

JITNEYS AND RAILROAD WAR IN PORTO RICO

WASHINGTON, Sept. 15.—A real war between jitneys and a regular railroad has developed down in Porto Rico. Up to two months ago the railroad had a monopoly of the passenger business between Catano and Bayamon, which amounted to half a million persons a year. Then the pesky jitney made its appearance. Now the "drivers" are carrying just half the traffic. Although the jitney fare was 10 cents, the same as the railroad, the buses proved so popular with the people that the railroad was forced to reduce its fare. The trip soon became a sporting proposition, the jitney racing with the trains, and often beating them to the finish. Now it is announced the railroad will be electrified and all the old equipment replaced with modern cars and appliances. These improvements will cost many thousands of dollars, not counting what the rivalry already has cost the road in traffic shrinkage.

Doings in Social and Club Circles

MERRY CLUB MEETING

Tustin Twelve Gather At the Home of Mrs. Johnson to Resume Good Time

The members of the Tustin Twelve have resumed their delightful social meetings at the home of Mrs. Johnson, their hostess yesterday afternoon being Mrs. Chas. Johnson.

Golden tinted mermaids, in jardinières and vases, lent their floral charm to the attractive living room where the ladies spent a merry afternoon over their needlework, thoroughly enjoying the reunion and exchanging accounts of how the vacation had been spent. Mrs. Johnson also sang two lovely solos.

Late in the afternoon a collation of sandwiches, fruit salad, delicious home made cake, ice cream and punch was served.

Mrs. Johnson's sister, Mrs. S. M. Hill; Mrs. T. M. Purdom a sister-in-law, and Mrs. Srubshauer, and Miss Emma Wood, cousins of the hostess were welcome guests, the club members present being Mesdames Fred Morehead, J. E. Pearce, Albert Fuller, Arthur Hieffer, Chas. Artz and E. J. Cranston.

Mrs. Morehead will entertain the club at its next meeting at her home on Lyon street.

North West Section Meets

Tuesday afternoon, the ladies of the First M. E. church, north of Sixth street and west of Spurgeon, known as the Northwest Section or Circle No. Two, of the Ladies' Aid Society, met at the home of Mrs. Wiesseman, 1320 North Broadway, for an election of officers and other business.

The following officers were elected: President, Mrs. Laura Walker; vice president, Mrs. Asa Vandermast; secretary and treasurer, Mrs. C. E. Marston.

Light refreshments were served before the section adjourned to meet with Mrs. A. L. Dearing, 1410 Bush street, the last Friday in October.

Business and Social Meeting

A meeting of the vestry of the Church of the Messiah was held last evening at the hospitable home of Rev. and Mrs. Rufus S. Chase, 929 French street.

A general discussion of the interests of the parish was had, and Mrs. A. J. Padgham was elected church organist.

During a merry social hour a simple collation refreshed the company.

Back From Vacation

Superior Judge and Mrs. Z. B. West and their daughter, Miss Marguerite, and son, Edmund, returned last night from Shasta Springs. The judge and M. H. Crookshank spent two or three weeks hunting and fishing near Dos Rios, Mendocino county. Mr. Crookshank returned home and Judge West went to Shasta Springs for a week, joining his family there.

Amphion Circle Will Meet

The Amphion Circle of the First Congregational church will meet tomorrow afternoon at 2:30 o'clock, with Mrs. H. C. McCord, 921 Garfield.

All are requested to bring thimbles as sewing will be provided. All young ladies of the congregation will be very welcome.

If You Will

help us by getting all your trading done early we will make it easier for the boys by closing at 6:30 beginning Sept. 1st. We are here to give you HIGH GRADE GROCERIES, courteous treatment, prompt and free delivery.

AT BIRCH PARK

W. C. T. U. Resumes Regular Meeting; L. T. L. Gives Splendid Program

The W. C. T. U. resumed its regular meetings yesterday afternoon at Birch Park at 2:30 o'clock, after a two months vacation. The president, Mrs. E. B. Norman, was unable to be present and the vice president, Mrs. W. E. Ward, presided. Mrs. E. P. Stafford the recording secretary was also kept at home on account of sickness and Mrs. Lea Warren acted as secretary pro tem.

The meeting opened with music by a quartet composed of Mrs. Chapman, Mrs. Geo. Post, Mrs. Ludwig and Mrs. Valjean. Mrs. Ludwig led the devotional services after which all joined in singing, "Work for the Night is Coming," led by the quartet.

The program was in charge of Miss Vauche Plumb, who supervises the L. T. L. work of the city, and who has been doing splendid temperance work with the children. The following excellent program was given: reading, "The Fence and the Ambulance," by Guy Wicks; songs by L. T. L. children; reading, "Who Killed Joe's Baby," Josephine Bull; songs, by L. T. L. children. A splendid paper was read by Miss Plumb on the work of the L. T. L. and its connection with the W. C. T. U. The importance of this work is great, for the children of today will make the temperance men and women of the future, and all education along this line among the children, will enable them to do better work. All mothers of young children should take notice of meetings as announced in the daily papers and encourage them to attend all L. T. L. meetings. The treasurer, Mrs. Prince, stated that the payment of dues should be attended to now and those knowing that their dues are not paid are urged to see that they are paid soon.

At the close of the meeting a basket lunch was enjoyed, the committee Mrs. Ludwig and Mrs. Frambes, serving the refreshments.

The next meeting will be held at the home of Mrs. W. B. Tedford, 1319 N. Broadway, where the subject will be "Scientific Temperance Instruction."

Everybody interested in this work is cordially invited.

SIMPLE HOME WEDDING

Miss Lillian Norman Becomes the Bride of Thomas K. Galley

An interesting wedding, impressive in its simplicity, occurred yesterday afternoon at 5 o'clock at the home of Mr. and Mrs. E. B. Norman, when their daughter, Miss Lillian, and Mr. Thomas K. Galley of Los Angeles, plighted their nuptial vows, in the presence of relatives and a few close friends.

Rev. J. A. Stevenson of the First Presbyterian Church performed the ceremony, and following the congratulatory period, a delicious wedding collation was served on prettily appointed tables beneath the trees.

The young couple left on their honeymoon trip in an automobile to the Yosemite Valley, midst a shower of rice and wishes for a sunny future.

Miss Norman has been a popular domestic science teacher in the Orange High School for the past two years and the fortunate man of her choice is associated with the Staats Real Estate Company of Los Angeles. They will make their home at Hollywood.

Visit From Old Schoolmate

Dr. and Mrs. F. M. Day, with their two daughters, Mary and Helen, of Eugene, Oregon, accompanied by Dr. J. L. Hesse, Dr. L. O. Dort and Marguerite Bayne, a trained nurse of Minneapolis, Minn., were guests of N. J. Warner of 1417 North Main street over last night and went on their way to San Diego this morning. The party motored down the coast from Oregon taking in the exhibitions and will go back by inland route to the Yosemite and Lake Tahoe, then on through Nevada into Eastern Oregon to Eugene. Dr. Day is an old schoolmate and friend of the Warners.

Return From Vacation Trip

Miss Minnie Kopplin has returned from a delightful vacation trip to Chicago and other interesting points, stopping on her way home at San Francisco where her mother joined her, to visit the exposition.

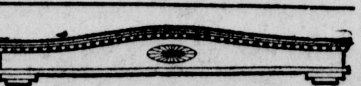

After a short stay in Santa Ana they left today for San Diego, Mrs. Kopplin's home. Miss Kopplin will return to Santa Ana the last of the week.

VANDERMAST & SON
THE HOME OF GOOD CLOTHES for MEN and BOYS

Personals

Miss Myrtle Campbell returned home Saturday morning after a three months visit with relatives and friends in Michigan.

"Baron" Paul T. Schooley left this morning for the Oregon Agricultural College at Corvallis, Oregon, where he begins his junior year.

Mrs. Edwin Martin and little daughter Vivian of Orange spent today with Mrs. Martin's mother, Mrs. Elizabeth Raugh.

H. T. Trueblood made a business trip to Los Angeles this morning.

Mrs. Harriet Owens of Oelwein, Ia., who has been visiting Mrs. Aetna Forcey of 213 South Sycamore, left this morning for Los Angeles, en route to her eastern home.

James E. Rawson has gone to Hemet to reside.

Mrs. Rudolph Dwyer is spending a few days with her mother, Mrs. W. K. Robinson, in Trabuco canyon.

J. G. Robertson made a business trip to Los Angeles this morning.

W. C. Cutler left this morning for Los Angeles, where he will reside.

F. H. Mitchell sailed today on The Rose City for San Francisco, where he will spend two weeks. The main purpose of his trip is to see the Canton drills and he expects to go on to Sacramento before returning.

B. Deck and family, who have been living near Pauleriano, will move tomorrow to Ed Karnsworth's place, one-half mile east of Garden Grove.

Melvin Kittle left last night via the Santa Fe for St. Louis, Mo., where he will take a commercial course in the Principia School.

Iver Clausen of Albert Lea, Minn., is visiting at the home of his son, George Clausen, 1509 North Main street.

W. T. Abbott left last night over the Santa Fe for Manhattan, Kansas.

T. F. Doyle and family are spending a few days in San Diego.

Mrs. Elizabeth Raugh returned yesterday from Exeter, California, where she enjoyed a month's visit with her son, F. S. Raugh and family. Mrs. Raugh was accompanied home by her granddaughter, Mrs. Grover Pace and little son Charles, who will visit several weeks in Santa Ana.

Elsie Winwood left on the Southern Pacific Lark Monday night for Palo Alto, where she will be a junior at Stanford University this year.

Miss Alice Clausen left Monday eve for San Jose, where she will complete her course in Normal school this year.

E. E. Keech and family returned yesterday from a month's stay at Idyl Wilde.

Mrs. A. D. Merritt has arrived from Long Beach to spend several weeks at the Meyer Apartments.

Miss Ora Napoleon is visiting Mr. and Mrs. Albert Johnson of Los Angeles, parents of Mrs. Flag of the Meyer Apartments.

FUNERAL SERVICES

The funeral services of George Rick will be held at Mills and Winbigler's undertaking parlors tomorrow morning at 1 o'clock. Interment will be in Fairhaven cemetery.

J. W. NEWELL IS ILL
FULLERTON, Sept. 15.—Mrs. J. W. Newell has received a dispatch from Colorado stating that Mr. Newell is ill in a hospital threatened with typhoid fever. He left here four weeks ago on a business and pleasure trip to a number of cities in Colorado.

THE FRATERNAL BROTHERHOOD is California's only millionaire Fraternal Beneficiary Society; with assets of one and a quarter million dollars to protect present contracts with its members. Doing business in eighteen states; under a uniform rate of assessment based upon the National Fraternal Congress, and American Experience tables of mortality; which is a guarantee of its future safety and solvency.

Dr. Jacobs, Santa Ana Painless Dentists, 102 1/2 East Fourth, Phone 253. Temporary address 111 1/2 East Fourth.

ALL OVER THE STATE

From the Exchanges

The Pacific Electric railway has begun actual work on the construction of a fine freight depot at San Bernardino. The building will be a concrete one.

Hugh Thacker, manager of the Walnut Fruit Growers' Association, makes a rapid calculation that the English walnut crop which will be handled through the packing house at Walnut this fall will probably amount to 250 tons, worth in the neighborhood of \$85,000.

The four banks in Pomona, two of which are National banks, have on deposit \$2,528,693. Two building and loan associations have resources which aggregate \$1,146,000.

A. J. Wilkins, well known citrus fruit man from San Bernardino, has been named field representative of the A. C. G. Association of Azusa, the third largest citrus association in California.

Another trout hatchery, a private one, is planned for the Eastern Slope of Strawberry Peak in San Bernardino County. Thaddeus Low is behind the scheme.

In the Kindergartens, grade schools and high school of Pomona 2500 pupils were recorded on the opening day, Monday, breaking all school records there.

Three bequests were made in the will of the late Dr. J. C. Walton of Pomona, viz.: \$1000 each to Pomona Valley Hospital and to Pomona Congregational Church and \$500 to the Presbyterian Church in Fowlerville, Mich., his old home.

Three new features will be introduced in the schools of Redlands when they open on Monday, September 20. They will be athletic work for girls with a woman instructor; a physical director for boys, and a course in agriculture.

Chino Chamber of Commerce has invited fruit growers of that locality to attend a basket picnic in the City Park Saturday when the subject of erecting a co-operative plant there will be discussed.

Disregarding the superstition commonly attached to "Unlucky Friday," the Lordsburg Board of Trustees have set Friday, September 24, as the date for holding a special election to vote on a \$5000 bond issue for fire equipment.

ADMINISTRATION WILL NOT INTERFERE IN LOAN

NEW YORK, Sept. 15.—Hints that the administration does not intend to interfere in the negotiations for the billion dollar allies loan encourages foreign financiers. It is intimated German bankers will be asked to participate in the loan, the German bankers saying they are entitled to participate in the benefits from the loan regardless of sympathy for Germany.

LAUGHED, THEN DIED

SIOUX FALLS, S. D., Sept. 15.—Deliah Wyant, 16, is dead today because she laughed. While eating peas in her garden, some one said something to make her laugh, a pea lodged in her bronchial tube and she died before assistance could reach her.

U. S. HOLDS NINE HAITIAN PORTS
WASHINGTON, Sept. 15.—Admiral Caperton has reported that marines hold the Haitian ports of Jacmel and Les Cayes. The Americans now hold nine Haitian ports.

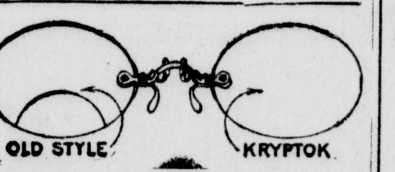

MILLINERY EXHIBITION
300 beautiful trimmed hats, \$2.50 to \$7.50, on sale at Gilbert's. Take the elevator.

Meat pies at the Model Bakery Delicatessen every day, 10c and 15c. Try one.

DIED

SAVAGE—September 14, 1915, Mrs. Louisa A. Savage, aged 49 years. Funeral services will be held Saturday afternoon, September 18, at 2 o'clock from Smith and Tutthill's chapel.

The deceased is the wife of James Savage, a prominent resident of Harper.

If you break your glasses take the pieces to Wilcox. He will grind you new ones in a very short time. Remember the place—at Padgham's, 106 E. Fourth St.

ORANGE

MAX SIMON MARRIED AT ERSKINE, CAN.

ORANGE, Sept. 14.—A telegram was received at the Watson Drug Store this morning which conveyed the news of the wedding of Max A. Simon to Miss Behrens yesterday at Erskine, Alberta, Canada. Mrs. Simon formerly lived in Orange and has many friends who will be glad to welcome her back. They expect to reach home about the first of October.

The Delta Alphas of the M. E. Sunday school were entertained last evening by Miss Della Hahn on North Shaffer street. A pleasant time was had with fancy work and later refreshments of ice cream and cake were served. Those present were Mrs. S. E. Evans, Mrs. F. W. Parsons and the Misses Lela Fernald, Clara Graham, Elsie Parsons, Ruth Spangler, Ivy Reed, Emily Spotts, Dorothy Perkins, Lillian Eye and Della Hahn.

Mrs. T. L. Smith has returned to her home in Long Beach, after a visit with her daughter, Mrs. H. S. Huff.

Mrs. Sarah Hyle and her guests, Mr. and Mrs. H. P. Hyle, and Dr. and Mrs. M. D. Cunningham of Youngstown, Ohio, have been spending several days at Catalina, Mt. Lowe, Los Angeles and other places of interest near by. They returned Sunday evening, and Monday all of the party except Mrs. Hyle left for San Diego to spend a few days sight-seeing and at the exposition.

Mr. and Mrs. H. Walker of Portland, Oregon, spent Saturday and Sunday here.

Mr. and Mrs. I. E. Lee and son Robert of Los Angeles were Orange visitors yesterday.

Mrs. E. Musbach and daughters Evelyn and Iva have returned from Le Mars, Iowa, where they spent the summer. The girls have again entered school.

Miss Hazel Thomson and Miss Wilma Claypool spent Sunday at San Diego.

Alfred Leech and family and their guests, Frank Fall and wife of Sacramento, spent Sunday at Newport Beach.

Walter Pease, who has been spending a week at San Francisco, returned Sunday.

Mr. and Mrs. William Graham and children of Altadena spent Sunday here with friends. They formerly lived here, Mr. Graham being in business with J. P. Boring.

Dr. F. A. Gray and family of Hemet spent Saturday and Sunday here with relatives.

Mr. and Mrs. Fred Grumm and son Watson of San Diego are spending a few days with the F. W. Grumm family on East Palmyra avenue.

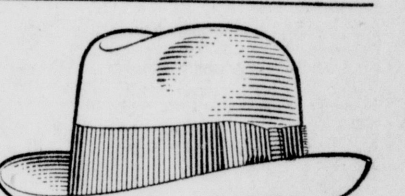

WILL NOT ARREST ARCHIBALD

WASHINGTON, Sept. 15.—Plans formulated for the arrest of James Archibald, the American newspaper correspondent, who carried Dumba's message, have been abandoned. He will, however, be questioned by secret service men upon his arrival.

CHILD'S LIFE IS CRUSHED OUT AS BELT WHIRLS HER ABOUT

FULLERTON, Sept. 5.—Caught in a revolving belt and carried around the pulley, Violet Rankin, aged 5, was instantly crushed to death at Anaheim well No. 5, on the St. Helena lease near here yesterday afternoon. The girl was playing with her two little sisters about the pumping engine on the lease when the tragedy occurred. Save for the two sisters there was no one directly near. The mother was at her home, located

about 100 yards away from the pumping engine.

The little girl's father, Howard Rankin, is an oil driller who is employed on the Johnson well No. 3 of the St. Helena lease.

The inquest is being held at the Seale Undertaking Parlors, Fullerton, this afternoon. The funeral will be at 10 a. m. Thursday.

CUDAHY HOME FOR GIRLS

PASADENA, Cal., Sept. 15.—The palatial residence of the late Michael Cudahy here is being converted into a Sisters of the Holy Name Academy. The school will be used for the higher education of girls. Through Bishop Conaty of Los Angeles, the beautiful mansion and grounds were deeded to the Sisters by the heirs of the late Chicago millionaire. The property is valued at \$100,000, and is considered one of the beauty spots of Pasadena.

HALF HOLIDAYS END

WASHINGTON, Sept. 15.—The fall season is on in official Washington, as everywhere else. No more Saturday half holidays, and the Cabinet is meeting regularly. Nearly all the public officials and foreign diplomats are in town and things are starting in again with the usual routine, which the hot weather broke up.

RIGHT FOOD FOR CHILDREN

Wise Parents Now Raise Them On Whole Wheat Food

What the growing child needs is food that makes muscle, that is wholesome and easily digested.

Physicians unanimously agree that whole wheat is the proper food for children. It is strengthening and sustaining, makes rich, red blood and contains in a given quantity, more nutritious value than any other staple food known.

One of the best known whole wheat foods that can be obtained at all modern grocers is called "FORCE."

There is a crispness and flavor about "FORCE" that appeals alike to children and grown-ups. Every one enjoys the savory zest of "FORCE." In "FORCE" you get the full food value of whole wheat in a light and easily digested form. Best for all stomachs.

Go to your grocer today and ask him for a copy of the "FORCE" folder. This folder contains a number of valuable recipes for using "FORCE."—Advertisement.

ILLUSTRATED BIBLE

CERTIFICATE

PRESENTED BY THE

SANTA ANA REGISTER,

ABRAHAM LINCOLN SAID: "NO LIBRARY IS COMPLETE WITHOUT TWO CERTAIN BOOKS—THE BIBLE AND SHAKESPEARE; HARDLY A QUOTATION USED IN LITERATURE THAT IS NOT TAKEN FROM ONE OF THESE WORKS."

The above Certificate with five others of consecutive dates

Entitles bearer to this \$5.00 Illustrated Bible

If presented at this office, together with the stated amount that covers the necessary EXPENSE items of this great distribution—including clerk hire, cost of packing, checking, express from factory, etc., etc.

MAGNIFICENT (like illustration in announcements from day to day) is bound in full flexible limp leather, with overlapping covers and title stamped in gold, with numerous full-page plates in color from the world famous Tisnot collection, together with six hundred superb pictures graphically illustrating and making plain the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized version, is self-pronouncing, with copious marginal references, maps and helps; printed on thin bible paper, flat opening at all pages; beautiful, readable type. Six Consecutive Free Certificates and the

\$1.45 Amount EXPENSE items

Also an Edition for Catholics

Through an exclusive arrangement we have been most fortunate in securing the Catholic Bible, Douay Version, endorsed by Cardinal Gibbons and Archbishop (now Cardinal) Farley, as well as by the various Archbishops of the country. The illustrations consist of the full-page engravings approved by the Church, without the Tisnot and text pictures. It will be distributed in the same binding as the Protestant book and at the same Amount Expense Items, with the necessary Free Certificates.

MAIL ORDERS—Any book by parcel post, include EXTRA 7 cents within 100 miles; 16 cents 150 to 300 miles; for greater distances ask your postmaster amount to include for 3 pounds.

VETERANS NAME OFFICERS FOR THE YEAR

Yesterday Was a Big Day At Garden Grove; Splendid Dinner Given

GARDEN GROVE, Sept. 15.—Yesterday was a big day in Garden Grove. Not only was there a big, enthusiastic gathering of Civil War veterans from all over the county, but there was also a big crowd of bargain seekers on hand at the monthly Garden Grove bargain day doings.

Officers were elected by the Veterans' Association.

Bargain and public free auction day here is becoming a day of great interest to the business men and people of the town and vicinity. Before 10 o'clock yesterday morning the streets were crowded with autos and people and the town was literally alive with visitors coming to purchase at reduced prices and also to enjoy the festivities of the day.

The merry music of the Cozad Five and Drum Corps of Santa Ana and the Civil War Veterans' Drum Corps of Los Angeles put life and good cheer into the hearts of all and served as a magnificent introduction to the day's pleasure and business.

One of the largest contributions that went to make the day a success was the annual picnic gathering of the Orange County Veterans' Association. The veterans began to assemble early in the morning and it was estimated by noon that 500 veterans and their wives and friends had assembled.

The forenoon was spent in the regular routine of business. They made the Y. M. C. A. their headquarters for their business session. There were about 300 present at this meeting.

The following officers were elected: J. M. Talcott, president; Mrs. A. H. Coulter, first vice president; Mrs. Fisher, second vice president; A. B. Markle of Anaheim, chaplain. Short speeches were made by L. S. Scfield of Whittier, commander of Southern California Veterans' Association and Comrade Packard, senior vice commander of the association. During the same hour Fullerton Tent No. 7, had a meeting over German's jewelry store, for the purpose of initiating Mrs. Jennie E. Gilliland of Riverside. There were in attendance at this meeting twelve from Fullerton, two from Santa Ana and two from Riverside.

At the close of the business session the veterans all marched down from the Y. M. C. A. headed by the Los Angeles Drum Corps to the Jackson building on Euclid avenue, to partake of a picnic dinner lasting from 11:30 a. m. until 2 p. m. This was in charge of the Daughters of Veterans, an auxiliary to the Orange County Veterans' Association.

There were in all about 525 who sat down at the dinner. One of the features that added greatly to the enjoyment of the day was the arrival of the Whittier State School Band, at about 1 o'clock. It is evident that the state school is giving to their pupils splendid musical training as was shown by the excellent music rendered during the day. Their conduct was all that could be required, the band consisting of thirty members. One thing very noticeable was the courtesy of the leader.

The program rendered by the Veterans' Association began at 1:30 and continued until after 3 o'clock. The first hour was devoted to music

Californian Had Kidney Trouble

Jack Maltos, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since then."

Some days it seems as if you can no longer bear the pain and the heat, you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, you are nervous and worn out, sleep poorly and have no appetite, stomach is upset and bowels irregular.

Foley Kidney Pills lessen the pain, until it is finally gone entirely. They give strength and tone to the kidneys—make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine.

by the drum corps of Los Angeles and Santa Ana and it seemed as if they vied with one another to see which could render the more excellent music and we are glad to leave the decision to the people who enjoyed it.

One of the most interesting features of the drum corps music of Los Angeles was that they had with them a drum over 100 years old and that every member of the corps had served through the entire Civil War.

CHICAGO IS CHAMPION CONSUMER OF PENNIES

CHICAGO, Sept. 15.—Chicago is the champion consumer of pennies. Her supply of 180,000,000 coppers ran short some time ago and an extra 15,000,000 were sent here from the United States Treasury, and still the supply is low. Unlike most states where the supply is usually in excess of the demand, the Chicago United States vault is often short and hurried calls for more are frequently necessary.

MERCHANTS' PRIZES PROVE SUCCESSFUL DRAWING CARD

GARDEN GROVE, Sept. 16.—Following the veterans' program on Tuesday afternoon the order of the day changed. The prizes awarded by the business men to the ranchers producing the best exhibits in agriculture were presented. Mr. Webb received first prize for the largest watermelon. The prize was a stag handle carving set given by H. A. Lake of Garden Grove Lumber Co. Martin Christensen received a butter knife and sugar shell as second prize for the second largest watermelon. The prize was given by the same firm. E. Beardsley received first prize for the largest single cluster of walnuts. The prize was \$5 in trade from the Roberts-Oliver Lumber Co. Ray Beardsley received two years' subscription to the Garden Grove News for the second largest single cluster of walnuts. The Golden Rule Nursery gave \$5 in trees for guessing the number of walnuts in a jar. Mr. Geran of the Roberts-Oliver Co. won the prize. Mr. R. Beardsley received \$1 worth of sugar for guessing nearest the number of brands of goods in the Garden Grove Mercantile Store. W. A. Bean received first and second prizes for largest beets, \$1 worth of sugar from Garden Grove Mercantile and a twenty-pound pail of stock food from Jack Jentges' feed store, being the prizes.

An Old Drum

The drum which Drummer Bain beat so proudly at the veterans' picnic probably has a greater historical interest than any other drum in existence. And it is likely it is the oldest. The drum was captured by Bain's great-grandfather from the Hessians at Bemis Heights, October 17, 1777. Bain's grandfather then carried it through the Mexican war under General Scott. Bain's father used it for five years in the New York militia before the organization of the present regiment, and in Bain's hands the drum saw service throughout the Civil War.

The public free auction conducted by the business men of Garden Grove with Mr. Henderson of Anaheim as auctioneer, was a success. It was understood before the auction that all articles put up by the business men were to be sold regardless of price. This resulted in bargains for all highest bidders.

RIVER FUND SOON TO BE MADE \$2,000

Anaheim Herald: J. W. Duckworth reported at the meeting of the Board of Trade Monday night that between \$1500 and \$1600 had been raised for river protection and that the necessary \$2000 will be raised in a few days. This was glad news to the members present and was received with enthusiasm.

Anaheim will put in an exhibit at the fair at Santa Ana next month. The exhibit will be under the direction of the Board of Trade and it will do all possible to make it a success. Prof. E. W. Hauck, Postmaster Ahlborn and F. K. Gresswell are the committee looking after the exhibit.

An invitation from the Anaheim Concordia asking the Board of Trade to help them with their concert on September 21 was read and accepted. The secretary of the Concordia told of how the society had joined the ranks of the Anaheim "Boosters" and had reflected credit on the city when they won first prize in their class in the recent singing contest in Los Angeles. They offered the silver loving cup to the Board of Trade to be put on exhibition in the rooms to add to the displays now there. This was accepted and the members will help boost for the success of the Concordia concert.

The question of taking the dips out of Center and Los Angeles streets was taken up and discussed. City Trustee Stark was present and said that the City Council had planned to have these dips remedied when any more paving is being done here.

A move was made to have the expense of advertising paid in a more equitable manner by the people of the city. Previous to this time the money spent in advertising has been raised by the Board of Trade in different ways. After much discussion it was decided that it would be better for everyone to have this expense money appropriated by the council and it would be paid in a more equitable manner. The secretary was instructed to appear before the City Council and take this matter up with them in the near future.

Arrangements are to be made to have the Liberty bell stopped at Anaheim when this valued possession is on the way to San Diego this fall. Committees will be appointed shortly to see that the people of this city and vicinity are given a chance to see the Liberty bell.

ENGLAND MAY BECOME PROTECTIONIST NATION

Likely to Establish Precedent Among Belligerents, Meeting Expense by Taxation

BY J. W. T. MASON

(Written for the United Press)

NEW YORK, Sept. 15.—Great Britain may become a protectionist nation. She is likely to establish a precedent among belligerents by attempting to meet war expenses from taxation. The new duties, it is believed probable, will remain a permanent institution.

Up to the present time, the belligerents have been fearful that added taxation would cause a revolt. German announced, as an apparently fixed policy, that she would continue to fight on borrowed money. Hitherto, Great Britain also has conducted her part in the war by means of vast loans. But the public criticized this procedure and demanded that taxation supersede this form, in order that posterity might not be crushingly burdened by taxes to pay interest on these great loans.

It is reported that Great Britain intends to raise a half billion dollars by means of taxes. Many sources must be tapped in order to meet so great a drain. The most fruitful of these, however, are customs duties. This method presents a means of raising money both quickly and steadily, while at the same time providing a way whereby the burdens of the tax are distributed more or less evenly among consumers. Then, again, the burden does not appear to the consumer to be a tax. He pays it in the regular price of his goods, without stopping to realize that as he does it, he is really meeting a tax.

It now appears probable that the free traders will have to submit to this plan, though it is a bitter pill for them after years of absence from a protectionist system.

CURB CRAZY RIVER PLANNED BY ST. LOUIS

ST. LOUIS, Sept. 15.—The River Des Peres, which recently grew from an insignificant trickle of yellow to a torrent that engulfed the greater part of St. Louis' West End, caused damage estimated at \$1,000,000 and subsided as quickly as it rose, is going to be curbed. A temporary organization of business men has been formed with a view to financing the undertaking and it is expected that the Board of Aldermen will authorize a bond issue to aid in the building of levees. The levees probably will be decorative, as it is seldom they will be put to the practical purpose of protecting the city from flood. Eleven persons perished and about 10,000 were made idle by the recent flood. Hundreds were homeless.

CHARLEY CHAPLIN A GENIUS

LONDON, Sept. 15.—In a series scholarly psychological analysis of Charlie Chaplin, an English writer brands "Charles of the Movies" a "highly emotional actor; not a clown, but an artist; not a comedian but a genius."

Mr. Consul Dymont's report from Florence, Italy, that fast motors have eaten up so much of the Bologna road that it has to be rebuilt would indicate that the Italian automobile is no vegetarian.

LOS ANGELES PRODUCE MARKET

Last year's crop of California raisins will be entirely cleaned up by the 20th of this month and the 1915 crop from all indications will be on ten days later than usual. Although there will be a few shipments before the first of next month there will be no really first-class stock for sale until October 8. There is no change in the prune situation and although some packers are willing to pay 4 cents a pound, the general impression is that the growers will have to become more reasonable in order to move their crop. Apricots are extremely firm and peaches are a little stronger in the dried fruit market. The price now paid peach growers at Fresno is 3 cents a pound. Future raisins are selling at the following rates: Fancy seeded 6 1/2 cents, choice 6 1/2 cents, 12-oz. fancy 5 1/2 cents, choice 5 cents, Sultan 6 cents, and Thompson's seedless 6 1/2 cents.

CURRENT PRICES
[The following market prices on poultry and eggs, fruits and vegetables are compiled daily for the Register, based on the quotations prevailing on the Los Angeles produce exchange for the business day preceding. Every effort is made to keep these quotations accurate and down to the latest possible available figures.]

EGGS
Fresh ranch, case count, 33; candled 35@37, shipped from points outside of seventy-mile radius, which designates local stock; 32; northern fresh extras, f.o.b. San Francisco, 36 1/2.

BUTTER
Creamery extras, 26c per lb.; firsts, 22. The jobbing price to the trade is from 3 to 4 cents higher than above quotations.

FRESH FRUIT	
Apples, new crop, lug	85
Alexander, 4 1/2-tier box	85
Bellefont, box	80@90
Gravenstein, 4 1/2-tier	65
Crabapples, box	1.35

NOTICE INVITING BIDS
Santa Ana, Cal., Sept. 8, 1915. In pursuance of a resolution of the Board of Supervisors of the County of Orange, adopted Sept. 8, 1915, directing this notice to be published, the said Board will receive at its offices at the Court House at Santa Ana, Cal., on or before the 15th day of September, 1915, sealed bids or proposals for the reconstruction, repairing and rebuilding of Section 2, Irvine Blvd. Bids must be made on the form provided for the purpose, addressed to the County of Supervisors, Orange County, Cal., and marked "Bid for Section 2, Irvine Blvd."

The work to be done in accordance with the specifications and specifications adopted by the Board of Supervisors of the County of Orange, and in the office of the County Surveyor, in the County of Orange.

Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of his failure to enter into such contract, said check shall become the property of the County.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the Contractor or his subcontractors, and any kind done thereon, and also will be required to furnish a certificate that he carries a compensation insurance covering all his employees under work to be done under contract which may be entered into by him and the said county for the building of said road.

Under these specifications the County of Orange will furnish the necessary sand, rock and cement, f.o.b. cars nearest freight siding to said work. Copies will be furnished intending bidders upon application to the County Surveyor of said county.

The Board of Supervisors reserves the right to reject any and all bids. By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

AT THE COURTHOUSE SUGGEST SANTA ANA GO UNDER WYLIE LOCAL OPTION LAW

No small amount of interest was astir in Judge Thomas' courtroom this morning in a discussion among a number of county authorities and citizens who were gathered there when the suggestion was made that it might be advisable for Santa Ana to vote to bring itself under the provisions of the Wylie local option law.

At present Santa Ana is a dry town by virtue of a city ordinance. A few years ago the state legislature passed a law known as the Wylie local option law which was designed to make illegal liquor selling more precarious than was generally the case under county and municipal regulations. For one thing the degree of the offense was raised from a misdemeanor to a high misdemeanor, if the liquor be sold in territory voted to be dry under the Wylie law, as the penalty was fixed at not over seven months in jail or a fine of not over \$500 or both.

The question came up for discussion in an informal way after Judge Thomas had expressed his views against the liquor traffic, his expression being called forth as the result of the testimony of a man accused of being an habitual inebriate. The testimony was that the man secured liquor in Santa Ana.

Recorder's Office
J. W. Partlow has recorded a mechanic's lien against J. B. Troy and lot 966, Newport Mesa, on a demand for \$38.80.
Mary Franz has recorded a declaration of homestead upon property at Anaheim worth \$5000.

Clerk's Filings
Sid Smithwick has applied for letters of administration upon the estate of Anna Seidel, who died April 5. The estate consists of real estate worth \$2500. There are six heirs. J. C. Burke is attorney for the estate.

John D. Dillon has petitioned for an order terminating the life estate of Lizzie P. Dillon in property at Orange. B. E. Tavor is his attorney. Ranch property has been attached

OFFICERS BAFFLED BY A SERIES OF DARING THEFTS NEAR TUSTIN

Fourth Burglary In A Week
Committed Yesterday
On Santa Clara

ROB HOUSE OPPOSITE
ONE LATELY LOOTED

Several Hundred Dollars In
Jewelry, Other Articles
Are Stolen

Baffling Sheriff C. E. Jackson and his deputies, a systematic campaign of burglary is being carried out at Tustin and vicinity.

Within the past week several hundred dollars' worth of jewelry, clothing and other articles have been stolen.

That one or two men are doing all the thieving is the opinion of the officers who are at work on the case.

Another Yesterday

Yesterday between the hours of 10 o'clock in the morning and 5:30 in the afternoon the fourth burglary since last Wednesday was committed. This time the home of Mrs. Reuben Bradley, on East Santa Clara, a half-mile east of the cemetery, was robbed. Indications of the daring of the thieves is contained in the fact that the Bradley home is located directly opposite the residence of G. W. Rockefeller which was entered Saturday night.

Systematic Campaign
The belief of officers that there is but one gang of burglars at work is strengthened by the fact that all the homes entered are located fairly close together.

It is believed that each robbery is carefully and systematically planned in advance. It is thought that the habits of the residents of a house it is proposed to rob are carefully studied. This is borne out for the reason that none of the thefts so far committed have occurred when the residents were at home.

Cut Screen, Open Doors
Mrs. Reuben Bradley was absent from home yesterday. Upon her return she saw that the house had been entered.

The screen of a door at the back of the house had been cut, the burglar reaching inside, unfastening the catch and then forcing open the doors leading to the main part of the house.

The list of articles stolen from the Bradley home includes a suit of clothes, a new hat, a razor and a pruning knife.

Burglaries Increasing
In addition to the home of Mrs. Bradley, the homes that have been burglarized during the past week are those of E. J. Parker, Lorba street, near First; G. W. Rockefeller, East Santa Clara, and O. H. Burke, William street, Tustin.

The Parker home was entered last Wednesday and a quantity of jewelry, food and clothing stolen. The Rockefeller home was burglarized Saturday night, jewelry valued at \$60 being stolen. The Burke home was robbed of \$55 worth of jewelry Sunday night.

LAND OFFICE ANSWER QUESTIONS ABOUT ELIMINATIONS

Forest Supervisor Says Most
of the Area Is Not Agricultural Land

The following letter, written at Escondido, received by the Register today from Forest Supervisor S. W. Wynne, who is in charge of the Cleveland National Forest, is self-explanatory.

"The lands recently eliminated from the Cleveland National Forest are no longer under the jurisdiction of the Forest Service and inquiries regarding their disposal should be addressed to the United States Land Office at Los Angeles. I understand that homestead entries will be permitted after November 2 under the general land laws.

"Some 400,000 acres of the area is already in private ownership, having been taken up under the large Spanish land grants, various land laws, and also under the Forest Homestead Act of June 11, 1906. What is left is mainly non-agricultural in character, being broken, steep slopes with little or no soil. Water is scarce, as most of the springs and streams were taken by earlier settlers and stockmen. An occasional small tract suited for agriculture may be found, but this entails careful search and a knowledge of the country.

"As soon as diagrams of the elimination are received they will be sent to applicants."

AIRMAN APPROPRIATELY NAMED
LONDON, Sept. 15.—Captain Vance Hawker, one of the latest airmen to win the Victoria Cross, comes from a family whose crest is the hawk, and whose motto is, "The hawk seeks booty; we seek glory."

Home of Mrs. Reuben Bradley, East Santa Clara avenue, entered some time yesterday. Suit of clothes, new hat, razor and pruning knife, stolen.

NO STEPS HERE FOR ADVISORY APPRAISERS

Assessor Sleeper Says He
Would Just As Soon, and
They Might Help a Lot

Nothing has been done in Orange County looking to the appointment of an advisory board to cooperate with the county assessor. The matter has been acted upon in Riverside county, where a board has been appointed. The naming of these public appraisers is optional with the board of supervisors of each county.

"Some of the counties are going ahead with the naming of advisory boards," said County Assessor Sleeper today. "Such a board might be of a good deal of benefit to an assessor in backing up his judgment in making radical changes in an assessment. However, the law makes the committee merely advisory, and the assessor is not bound by any views that such a board might take.

"I believe that it would be a good thing to have an advisory board, the members of which are selected from various parts of the county. That board could look over assessments and satisfy the various districts that they are not being assessed out of proportion to other districts.

"Certainly no harm could come from such a board. The question as to whether or not Orange county needs such a committee and will receive benefit equal to the cost is one for the board of supervisors to decide. My attitude toward this board would be exactly the same as it is to any private citizen or civic committee. My books are always open, and I gladly show my assessments. I welcome discussion of assessments, for in that way I gain light to make my assessments more equitable, an end to which I and my deputies are always striving."

Under the law the advisory board has authority only to co-operate with the assessor in assessing real property.

One of the greatest grounds for disagreement in this county has been the assessment of mineral rights, which are personal property. For instance, the county is now being sued for an alleged high assessment of the Standard Oil Company's mineral rights in the Emory lease. This advisory board could not have drawn pay to sit with the assessor.

The law under which the advisory board can be appointed follows: "4,041b. Whenever, in the judgment of the board of supervisors of any county, it is deemed to be for the best interest of the county, on account of changes in land values, that there be appointed an advisory board to co-operate with the county assessor in making the annual reappraisal of real property therein for taxation purposes, the board of supervisors, by a four-fifths vote, may appoint such advisory board, which shall consist of three members. Before any person thus appointed shall enter upon the duties of his office he shall take the oath of office and shall execute such bond as the supervisors may prescribe.

The members of the advisory board shall be allowed their necessary expenses and each member shall receive a compensation of \$6 per day while actually engaged in the duties of his office. All claims for compensation and expenses hereunder shall be paid out of the general fund of the county after approval by the board of supervisors."

IN THE JUSTICE COURT

Preliminary Set
The preliminary examination of G. C. McCusker, charged with giving a \$2 insufficient fund check to H. D. Conn II, was heard set for 2 p. m., October 8. His bond was fixed by Justice Cox at \$500.

Speeders' Day

Motorcycle Officers Davenport and Ballard brought in a bunch of complaints this morning, as follows: For speeding, M. E. Mallory, Pasadena; E. Paggi and L. J. Blackwell, Los Angeles; C. E. Collins, San Diego; A. Liebes and W. Brambles, San Francisco. For not having proper lights, W. L. Butler, John Jacobs, Y. Reyes and A. Hulmetz, Santa Ana.

Butler's attempt to dodge Motorcyclist Davenport caused him to be made subject of a complaint. Butler had a spill and broke his light. He put his light into a sack and started for home. Davenport met him, turned and gave chase. Butler hid in a walnut orchard, and was there located by the officer.

ALPHABET CONTEST RESULTS; WINNERS ARE NAMED

The misspelled words in last Friday's Alphabet Advertising Contest were: "connoisseur," spelled "connoiseur;" in the "Smoke House cigar store's ad," and specialty, misspelled "Hayes," in the advertisement of Hayes' 5c, 10c and 15c store.

The Winners
The winners of the two cash awards of \$1.00 each were, Wm. McGreavy, 1111 East First street, and Florence Keefe, 1920 North Ross street.

Interest in the Register's Alphabet Advertising Contest continues to hold the attention of a large number of readers though the answers submitted to last week's advertisements show a slight decrease in the percentage of correct answers.

Many still persist in turning in the word unequalled in E. B. Smith's jewelry store advertisement, spelled with two l's, and there is a number of others that insist that a distributor, in Robert Gerwing's ad, should be distributor, but aside from these two words the answers very nearly are correct.

After all the correct answers were sorted out today, Victor Walker, the bicycle and sporting goods dealer, drew from the hat the two coupons that decided the awards of the two \$1.00 cash prizes: Wm. McGreavy, 1111 East First street, and Florence Keefe, 1920 North Ross street.

Watch next Friday's paper for the Alphabet Contest, you may be the winner next time.

MURDERER'S MOTHER TO APPEAL TO GOVERNOR

SACRAMENTO, Sept. 15.—Mrs. W. H. Witt, aged mother of Glenn Witt, who is scheduled to hang at Folsom September 24, for the murder of William Alexander, a wealthy Angeleno, has arrived from her Texas home ready to see her boy during the last days of his life. She plans to make a last appeal to Governor Johnson.
